## MC GONIGLE GLASS STUDIO GLASS ART & JEWELLERY

After graduating in glass design from the National College of Art and Design in Dublin, sisters Elaine and Lyndsey decided to set up their own business and for the past twelve years, Mc Gonigle Glass has been successfully trading from its premises in the Donegal Craft Village. Working from the studio, they specialise in eye-catching glass jewellery, large glass sculptures and functional platters!

Using their experience and expertise, they combine a variety of sand-casting, fusing, slumping, engraving and bead-making techniques to produce their designs.

Living in one of Ireland's most scenic counties, it's no wonder that inspiration for the work comes from the rugged West coast of Donegal, the grass, the sand, the sea and the rocks, even the weather has played its part in some of their designs!

## MICHELLE MCKEE HAND FELTED FINE ART

Textile Artist, Michelle McKee uses un-spun wool to make hand felted atmospheric pictures. She was introduced to felt making during her studies for a Degree and Postgraduate Diploma in Fine and Applied Art, at the University of Ulster. Working from her studio at the Donegal Craft Village, Michelle employs soapy water and un-spun wool to create hand felted scenes. The work is finished with machine stitch and hand embroidery which adds interesting depth and detail.

'I love nature, animals, dramatic skies, transient seasons. My aim is to create art work which captures an emotion - often I will notice a moment when the light, mood and content of a scene causes me to stop and take a breath. I reflect on that image and I later record those feelings and visions in my felt art work'.

*Captured, Created, Crafted in Donegal.*

## CLARE O'PRESCO HANDWEAVING

In Clare's studio you can see Donegal tweed being hand-woven on a traditional Donegal loom. After graduating with a BA (Hons) degree in woven textile design Clare moved to Donegal to fulfil her desire to create a modern version of Donegal tweed using traditional methods and local yarns.

Colour plays a very important role in the modern tweed Clare produces. The tweed is made into various products such as home furnishings, bags, scarves and other gifts items. Clare also 'paints with wool' on a loom using hand carded fleece. Blending the wool fibres by hand creates the wide ranges of colours used in Clare's original tapestries. Commissions are undertaken for that special gift or interior design requirement.
